EAA Chapter 190	http://eaa190.weebly.com/	April 2014

Photo of the Month:

George Martin & Terry Presley's PZL-104-MA from Lafayette GA at 3rd Saturday Breakfast

Presidents Message:

Aaron Wypyszynski – EAA # 579057

I will keep it short and sweet this month. The chapter's activities are below. Please note that the Young Eagle Day at Aviation Challenge is open to all! We will be touring the Aviation Challenge facilities and then going over to the U.S. Space and Rocket Center. Note that

our EAA membership gets EAA members, a second adult, and two children in the museum for FREE!

Also, the build log for our project is online now, so feel free to swing by and take a look. We try to update it at least once a week. <http://buildlog4apexaviation.wordpress.com/>

Activity	Date	Time	Location	RSVP Contact
Chapter Meeting	Tues. Apr 15 th	6:30	Moontown FBO	N/A mailto:Aaron.wypyszynski@gmail.com

Aviation Challenge Tour	Sat Apr 19 th	12-2	Space and Rocket Center	Aaron.wypyszynski@gmail.com
Bearhawk Patrol Wing Build	Thurs Apr 24 th	6:00	Dave's Workshop	David Edgemon

Minutes of Last Meeting:

Wes Conkle – EAA # 633811

EAA Chapter 190 March Meeting 11 March 2014

1835 – Meeting Called to Order

Attended:

Wes Conkle

Jamie Dodson

Charles Cozelos

Andrea Atwood

Jim Harchanko

Michael Dunning

John Frerich

David Edgemon

George Martin

Todd Brooks

Patricia Stockey

Pete Stockey

Harold McMurrin

Bryan Tauchen

Items for Discussion

Ford Tri Motor visit – Darwin and Sunny Baker visited to offer their services with the Tri Motor visit. They have extensive experience with Tri Motor operations.

The Chapter will secure hangar space for the plane for the dates of May 19 – 26. The event will be 22-26 May.

Charles would like to set up a subcommittee for marketing the Tri Motor visit. The purpose would be to reach our \$4K sponsorship goal.

September Event -- Charles reminded us all that there are only five months until September. He reminded us to continuously update the Operations Manual.

Young Eagles – The Women in Aviation event was a success, with 38 YE flown. The Flyquest's Mark Spencer also flew YE for our chapter, using his Diamond DA40. Todd Brooks gave a small presentation about the Sporty's video ground school that is offered to YE who have flown. We are considering playing the video during YE events in the Moontown Lounge.

Workshop – Aaron’s homebuilding workshop will be monthly on Wednesday the week after the Meeting.

Tours / Presentations – Aviation Challenge tour will be following the April Moontown breakfast.

We will visit David Edgemon’s shop in April to revisit his Bearhawk Patrol project. Michael Dunning has spoken about visiting a friends’ shop for a discussion about KR2 projects, of which he was several in various stages of assembly.

Treasurer’s Report – As seen in the last chapter Newsletter.

1920 Meeting is adjourned.

Treasurers Report:

Jim Harchanko – EAA # 541411

March Treasurers Report

Date	Ck #	Description	Deposit	Check	Balance
3/1/14		Beginning Balance			\$22,313.25
3/3/14	1099	Aaron Wypyszynski--- reimb for chapter National dues		100.00	\$22,213.25
3/17/14		Breakfast---309; dues---45	354.00		\$22,567.25
3/31/14		Ending Balance			\$22,567.25

2014 Chapter membership dues of \$15 are due. Payment may be made at our chapter meeting or mail the amount to:

**James Harchanko
9602 Todd Mill Rd.
Huntsville, AL 35803.**

Safety:

Wes Conkle – EAA # 633811

Young Eagles - Senior:

Aaron Wypyszynski – EAA # 579057

The Aviation Challenge Tour is this month, Saturday April 19th, following the pancake breakfast. Aviation Challenge is the airplane equivalent to space camp where you get to live the life of a fighter pilot for a week! I attended aviation challenge twice as a teenager and still have great memories of the experience. This will be a great chance to see their F-18 simulators, Centrifuge, and several of the fighter jets they have on grounds. Following the tour we will be visiting the Space and Rocket Center. Note that all Young Eagles that have a FREE EAA Student Membership can also get into the Space and Rocket Center for FREE!

Hope to see you soon!

Young Eagles - Junior:

Jamie Dodson – EAA # 1025923

"IF AIRLINES SOLD PAINT"

From an airline Captain with close to three decades in the airline industry. He says "I never really understood how airline ticket pricing worked until I read this analogy. Perhaps some of the airline pilots and passengers on your mailing list might also appreciate this."

Customer: Hi. How much is your paint?

Clerk: Well, sir, that all depends on quite a lot of things.

Customer: Can you give me a guess? Is there an average price?

Clerk: Our lowest price is \$12 a gallon, and we have 60 different prices up to \$200 a gallon.

Customer: What's the difference in the paint?

Clerk: Oh, there isn't any difference; it's all the same paint.

Customer: Well, then I'd like some of that \$12 paint.

Clerk: When do you intend to use the paint?

Customer: I want to paint tomorrow. It's my day off.

Clerk: Sir, the paint for tomorrow is the \$200 paint.

Customer: When would I have to paint to get the \$12 paint?

Clerk: You would have to start very late at night in 21 days, or about 3 weeks. But you will have to agree to start painting before Friday of that week and continue painting until at least Sunday.

Customer: You've got to be *&%^#@* kidding!

Clerk: I'll check and see if we have any paint available.

Customer: You have shelves FULL of paint! I can see it!

Clerk: But it doesn't mean that we have paint available. We sell only a certain number of gallons on any given weekend. Oh, and by the way, the price per gallon just went to \$16. We don't have any more \$12 paint.

Customer: The price went up as we were talking?

Clerk: Yes, sir. We change the prices and rules hundreds of times a day, and since you haven't actually walked out of the store with your paint yet, we just decided to change. I suggest you purchase your paint as soon as possible. How many gallons do you want?

Customer: Well, maybe five gallons. Make that six, so I'll have enough.

Clerk: Oh no, sir, you can't do that. If you buy paint and don't use it, there are penalties and possible confiscation of the paint you already have. If you change any colours there is a \$50.00 change fee, even if it is the same brand. Also, no refunds.

Customer: WHAT?

Clerk: We can sell enough paint to do your kitchen, bathroom, hall and north bedroom, but if you stop painting before you do the bedroom, you will lose your remaining gallons of paint.

Customer: What does it matter whether I use all the paint? I already paid you for it!

Clerk: We make plans based upon the idea that all our paint is used, every drop. If you don't, it causes us all sorts of problems.

Customer: This is crazy!! I suppose something terrible happens if I don't keep painting until after Saturday night!

Clerk: Oh yes! Every gallon you bought automatically becomes the \$200 paint.

Customer: But what are all these, "Paint on sale from \$12 a gallon", signs?

Clerk: Well that's for our budget paint. It only comes in half-gallons. One \$6 half-gallon will do half a room. The second half-gallon to complete the room is \$20. None of the cans have labels, some are empty and there are no refunds, even on the empty cans.

Customer: To hell with this! I'll buy what I need somewhere else!

Clerk: I don't think so, sir. You may be able to buy paint for your bathroom and bedrooms, and your kitchen and dining room from someone else, but you won't be able to paint your connecting hall and stairway from anyone but us. And I should point out, sir, that if you paint in only one direction, it will be \$300 a gallon.

Customer: I thought your most expensive paint was \$200!

Clerk: That's if you paint around the room to the point at which you started. A hallway is different.

Customer: And if I buy \$200 paint for the hall, but only paint in one direction, you'll confiscate the remaining paint.

Clerk: Yes, and we'll charge you an extra use fee plus the difference on your next gallon of paint. But I believe you're getting it now, sir.

Customer: You're insane!

Clerk: Thanks for painting with United!

Next Generation of Pilots:

Hannah Brock – EAA # 1018039

Wow things are getting busy. This month after the breakfast we are going to get to see Aviation Challenge and after that we are going to the Space Museum. In May the TriMotor is coming here and we get to work with it. And of course, in September we will have our Open House.

Even though it's so much fun, at times it is hard. My flying lessons have started again now that the weather has gotten better. The hardest subject for me in school is math. Last month during my flying lesson, Mr. King, my teacher, started asking me a lot of questions about how much fuel was in the plane, how long we could fly with it, how much we would have when we landed, and a lot of other questions that I had to do math with. Παππους tells me I have to work through the math, and that's OK, but the flying is a lot more fun!! I want to do more of that! I hope the weather is good a lot of the summer so I can do a lot of flying.

I hope I've shown you how much there is to do if you like flying, and also some of the things you have to do, but it's still so much fun. I think it's awesome. If you want to join us and do all this stuff with us, come by and see us at the breakfast.
