Photo of the Month:

Only at 3M5 do we have so many trees behind us on final

Presidents Message:

Aaron Wypyszynski – EAA # 579057

It's September and that can mean only one thing, the annual fly-in is just a few days away! Planning is nearly complete and the last pieces will be in place by this month's chapter meeting when everyone will meet one last time to finalize details. As always, we can always use more help. We are still looking for volunteers for the following areas:

- Aircraft Parking
- Vehicle Parking
- Young Eagles Pilots

- Young Eagles Ground Volunteers

Also, a note on the Fly-In, Banquet tickets are available for purchase at the FBO and will be available until Aug 16th.

At the chapter meeting, we will also be having a presentation by Evangela on her experiences at Air Academy.

A few future activity notes as well:

- October 3rd, we will be having a group of 20 school kids out for Young Eagle flights as an extension of their classroom work. We are in need of pilots and ground support.
- October 10th, AOPA is having their Fly-In at Tullahoma, TN. Numerous members will be heading up that way (I will be out of town and unable to attend).

Hope to see you at the Fly-In!

Call to Order: 6:00 pm for Fly In Meeting.

Call to Order: 6:52 pm for General Meeting

The minutes as posted in PROPWSH were accepted as published

The Treasurers Report as posted in PROPWASH was accepted as published

Old Business.

The tables the chapter voted on have been ordered and are on their way.

The projector that the chapter voted to order has not yet been ordered, but will be in the near future.

The chapters Golf Cart was discussed. Wes reported that he has rebuilt the motor, but it is still not working. He contacted EZGO for parts but they reported that they have no records for it since it's so old. Wes will report further on the Golf Cart next month.

New Business.

The screens in the kitchen are building up too much grease and Jerry Barnet asks that we do something about it. The problem was discussed and the chapter will clean the screens and look into a fan and vent for the grill.

The new rules for Sport Pilots were discussed. AOPA said they are on hold in congress.

Meeting Adjourned: 7:05 pm.

Treasurers Report:

Done in the form of an Astronaut Tour of the Aries Spaced Craft. Much like our current astronauts do camera tours of the International Space Station. Watch all the on screen for tid-bits (backstory) on characters.

It's a great book and will be a wonderful movie.

Next Generation of Pilots:

Hannah Brock – EAA # 1018039.

Some of my favorite memories are from the September Fly In at Moontown. With the Fly In coming up this month, I thought I would just mention some of my biggest memories. I started to say best, but I can't because one of them is when George crashed and I remember the ceremony afterwards, I really liked George, he helped me when I was starting to learn to fly.

I love it every time the little blue Mosquito shows up; it's such a pretty little helicopter. I got my picture taken in it twice. It is the coolest little helicopter I've ever seen.

The Yaks. Oh wow! I love it standing by them when they start up, and when they turn off their engines. They are great every time they fly by together. I got to ride in one once when it taxied from the fuel pumps to its hanger. I really want to get to fly in one someday. My Yaya got to fly with George once and she loved it.

One year while we were camping out the night before the Fly In, it rained and rained. It was some of the best sleeping I can remember. It was cool, but I was so warm and comfortable in my sleeping bag in the tent listening to the rain all night.

It's always fun to set up our tent and campsite when we get there. We cook a huge dinner over the campfire. We have had ribs, steaks, chili, and stew. I am always so full when it's time to go to bed, and I love sleeping in the tent.

Last year the Harmacheski's came and had dinner with us. I remember them from the Ford Tri-Motor, they are both fun people. Especially Mr. Harmacheski, who showed me how to start, taxi, and fly the Tri-Motor, and then he signed my log book so I have time in it.

I hope you get the idea that every year the fly in is great. I never know what will happen, but it's one of my favorite things all year long. I'm sure you will have a great time too!
