## Photo of the Month:

**Spring is Here - Time to Fly**

## Presidents Message:

Aaron Wypyszynski – EAA # 579057

The weather has been great for flying! Though a bit windy, we have managed a great spring of cool weather and clear skies. This month we will be meeting at Tony's house to see his Pietenpol project. This will be a great chance to see an all wood classic homebuilt aircraft. Tony also currently has the corvair engine he plans to use disassembled, which will be a great preview of our discussions next month on Alternate engines.

Please Note: The address for this months meeting is  
**1613 CONTINENTAL DRIVE, MADISON AL 35758**

- May: Pietenpol Build Project Visit
- June: Alternative Engines

June 4<sup>th</sup>, Save Our Flying Heritage will have their second annual Helicopter Fly-In at MDQ. They will be selling rides in a Huey as well as a Cobra. EAA 190 will have a booth set up and will also be providing a limited number of Young Eagle rides. If you are interested in helping, please let me know.

The chapter has also been offered to help one of EAA 190's founding members finish his homebuilt aircraft. Frank Putnam was one of the founding members of EAA 190. Since the early 90's Frank has slowly been building an Early Bird Jenny, a 2/3 scale replica of the famous JN-4 Jenny of the 20's. Frank is unable to finish the aircraft and has offered to have the chapter finish it for him. It is ready for re-assembly and covering. We will be discussing at this month's chapter meeting if this is an effort the chapter is interested in pursuing. If you are unable to make the meeting but would like to provide input or have questions, please let me know.

Hope to see you at one of this month's activities!

Activity	Date	Time	Location
Chapter Meeting	Tuesday Mar 15 <sup>th</sup>	6:30	1613 CONTINENTAL DRIVE, MADISON AL 35758
Moontown Pancake Breakfast	Sat. Mar 19 <sup>th</sup>	8:00-9:30	Moontown FBO
Save Our Flying Heritage Fly-In	Sat. June 4 <sup>th</sup>	10-4	MDQ

## Minutes of Last Meeting:

Charles P. Cozelos – EAA # 63381

### EAA Chapter 190 Meeting 12 April 2016

#### Members in attendance:

Andrea Atwood  
Charles P. Cozelos  
Robert G. Friend

Paul Jacobs  
Bob Luther  
Kevin MacQuinn

George Martin III  
Harold McMurrin  
Aaron Wypyszynski

#### Guests:

Tony Crawford

Nate Forton

Jesse Jones

#### Call to Order:

6:43 pm

#### Old Business.

Minutes from last month's meeting as posted in PROPWASH were posted.

The April Treasurers Report as posted in PROPWASH was presented last month by Bryan.

Aaron is delegating the email task for the new Board of Directors member to the BOD.

The instillation of the hood for the Kitchen is being worked on and a quote for the work will be presented at the next meeting.

John reported that it appears the most viable solution to the kitchen system is to get three residential hoods and use them side by side to clear the smoke.

Young Eagles Scholarship: The chapter has decided to do it again this year. After discussing the budget, it was decided to select one Young Eagle for the scholarship to "Aviation Academy" held at OSH during OSH. Aaron has requests from 3 people about this, he will get the requisite stuff together this week and get it out.

**New Business.**

Watch for announcements on our web page for the meeting locations for May and June.

Breakfast is this weekend, we always need more help parking aircraft.

Website discussed; will do something.

**Meeting Adjourned:** 7:04 pm.

**Treasurers Report:**

Bryan Tauchen - 651954

**April Treasurers Report**

<b>Date</b>		<b>Dep</b>	<b>Check</b>	<b>Balance</b>
4/1/2016	<b>Beginning Balance</b>			\$22,213.02
4/18/2016	Breakfast (593.00-117.00F- 238.00B=238.00	238.00		22,451.02
4/30/2016	<b>Ending Balance</b>			\$22,451.02

**Young Eagles:**

Aaron Wypyszynski – EAA # 579057

**Next Generation of Pilots:**

Hannah Brock – EAA # 1018039.

March is supposed to be windy, but..... I wasn't interested in flying kites! My March flying lesson was the first time I haven't had to use any booster seats and Mr. Brooks had me in the left seat. It was hard at first, then it got easier.

After I got the engine running we taxied out to the end of the runway and was about to take off. I got the *Before Takeoff Checklist* and went through it, after I was done with that someone was on the radio and we looked to our right and saw another airplane waiting to take off, so we let him go first. Then there was an airplane landing so we waited for him to land then it was our turn. We went down the runway WOW the feeling when I pulled back

just a little bit and felt us rise into the air! If you were there you would have seen me dip down about a foot. That was scary, then everything was ok. But it was so windy I had to be careful. Mr. Brooks told me don't let the plane fly you in this kind of weather, you fly the plane. So the first time I got hit with a big wind gust I was scared and the plane rolled over almost sideways, but I knew what to do, I pulled it back upright and kept flying.

We went out and Mr. Brooks told me to fly toward the house with the white roof... which one? I see lots of houses with a white roof. I was so busy trying to keep the plane straight with the wind blowing us around everywhere. It just seemed like a few minutes and Mr. Brooks was telling me to fly toward the red roof, OK, that one I see. We were getting ready to land, but I was kind of tired after fighting the wind, so I told him "Your Aircraft"... We landed and I found out that the next two people who had "Juliet Charlie" reserved had cancelled, because of the wind. Wow that was a workout, but I'm so glad I got to do it!

## Projects Update:

Jim Harchanko	RV	<a href="http://www.flickr.com/photos/rvflyer03/sets/">www.flickr.com/photos/rvflyer03/sets/</a>
Bob Wilson	Dragonfly	<a href="http://hiwaay.net/~bzwilson/dragonfly/index.html">http://hiwaay.net/~bzwilson/dragonfly/index.html</a>

## Calendar of Events:
